PROFILE

Passionate software developer with experience in backend and frontend development. I thrive in collaborative environments and aim to deliver innovative solutions while continuously enhancing my skills.

I have worked on certain personal and professional projects, which have allowed me to gain experience dealing with code and other people.

I plan to give everything for the company that is working and thus give to demonstrate my full potential to get to know me and continue growing as a developer.

EDUCATION

Technological Institute of Santo Domingo(Intec) *Nov 2023*

Engineering

Currently, I'm pursuing my career as a software engineer here.

Institute of Technology of the Americas(Itla) *Aug 2020*

Technologist

Here I spent my entire career as a software developer.

Brigham Young school *Aug 2016*

Bachelor

Here I took my bachelor's degree, where I obtained the basic knowledge of the English language.

EXPERIENCE

Digital Health Network August 2024 - Present

Web developer

Santo Domingo

- Here at Digital Health Network, I serve as a software developer, where I focus on creating solutions for both backend and frontend problems.

Camsoft Jun 2023 - Aug 2024

Junior Programmer

Santo Domingo

- In camsoft, I am as a junior programmer where I develop as fullstack. In it, I have to give everything for the whole, both backend and frontend.

Simetrica Consulting Apr 2023 - Jun 2023

Junior Programmer

Santo Domingo

- In this company I did my internship, in which I stood out as a backend developer, working in the c# and programming language. net framework. Where I made apis with my colleagues.
