PROFILE

I'm passionate about programming. As a software developer, I like to innovate and work as a team. In my experience, colleagues are the most important in the working environment.

I have worked on certain personal and professional projects, which have allowed me to gain experience dealing with code and other people.

I plan to give everything for the company that is working and thus give to demonstrate my full potential to get to know me and continue growing as a developer.

EDUCATION

Brigham Young school *Aug 2016*
Bachelor
Here I took my bachelor's degree, where I obtained the basic knowledge of the English language.

Institute of Technology of the Americas(Itla) *Aug 2020*
Technologist
Here I spent my entire career as a software developer.

Technological Institute of Santo Domingo(Intec) *Nov 2023*
Engineering
Currently, I'm pursuing my career as a software engineer here.

EXPERIENCE

Camsoft Jun 2023 - Present
junior Programmer *Santo Domingo*

- In camsoft, I am as a junior programmer where I develop as fullstack. In it, I have to give everything for the whole, both backend and frontend.

Simetrica Consulting Apr 2023 - Jun 2023
junior Programmer *Santo Domingo*

- In this company I did my internship, in which I stood out as a backend developer, working in the c# and programming language. net framework. Where I made apis with my colleagues.
