## PROFILE

---

I'm passionate about programming. As a software developer, I like to innovate and work as a team. In my experience, colleagues are the most important in the working environment.

I have worked on certain personal and professional projects, which have allowed me to gain experience dealing with code and other people.

I plan to give everything for the company that is working and thus give to demonstrate my full potential to get to know me and continue growing as a developer.

## EDUCATION

---

### **Brigham Young school**

*Aug 2016*

Bachelor

Here I took my bachelor's degree, where I obtained the basic knowledge of the English language.

### **Instituto Tecnológico de las Américas(ITLA)**

*Aug 2020*

Technologist

Here I spent my entire career as a software developer.

## EXPERIENCE

---

### **Camsoft**

Jun 2023 - Present

*junior Programmer*

*Santo Domingo*

- In camsoft, I am as a junior programmer where I develop as fullstack. In it, I have to give everything for the whole, both backend and frontend.

### **Simetrica Consulting**

Apr 2023 - Jun 2023

*junior Programmer*

*Santo Domingo*

- In this company I did my internship, in which I stood out as a backend developer, working in the c# and programming language. net framework. Where I made apis with my colleagues.
