PROFILE

Passionate frontend developer with experience in building responsive, user-friendly, and scalable web applications. I thrive in collaborative environments, solving complex UI challenges, and optimizing application performance.

I have worked on various personal and professional projects, gaining experience in developing modern user interfaces, integrating APIs, managing state, and ensuring cross-browser compatibility. My goal is to contribute to high-quality user experiences while continuously enhancing my frontend development skills.

I am fully committed to delivering my best for the company I work for, showcasing my full potential, and growing as a frontend developer.

EDUCATION

Technological Institute of Santo Domingo(Intec)   *Nov 2023*
Engineering
Currently, I'm pursuing my career as a software engineer here.
